REFERENCE(S)

1. The following report on the status of certain CABATON assignments is submitted in reply to your informal request.

A. **CABATON-51.** Since January 1963 CAVILLA-1 has written only to a West Berlin accommodation address. It is planned to terminate CAVILLA-1 in the near future and, for this reason, his assignment to the CABATON-51 address is hereby cancelled. The address should not be released to another agent in a denied area because CAVILLA-1 will continue to reside in East Germany.

B. **CABATON-79.** This address was sent to CAGAVEL-9 who claims he wrote to E case. If CAGAVEL-9 did indeed write to this address, the letter was never received. He has since been issued a West Berlin accommodation address which is functioning well and therefore, the assignment of CAGAVEL-9 to CABATON-79 may be cancelled. However, this address also should not be released to any denied area agent because CAGAVEL-9 still resides in East Germany.

C. **CABATON-104.** Please excuse us for not having kept you informed of the status of this address. It has never been issued to CAVIER. However, on 18 March 1964 it was taken to Copenhagen by a local case officer for possible issuance to a CARABEL target. We will advise you of the status of this address as soon as the case officer returns to Berlin.

D. **CABATON-114.** This address has been issued to CANDLAR-8 and we assume it was received by him. However, we have been unsuccessful in persuading CANDLAR-8 to respond to our recent contact overtures and now consider it most unlikely that he will write to this address. The assignment of CANDLAR-8 to CABATON-114 may be cancelled, although we would appreciate your making arrangements with CABATON-114 to notify you should CANDLAR-8 write at some future date. It is recommended that this address not be issued to any other denied area agent since we assume it is known to CANDLAR-8 who continues to reside in East Germany.

2. We would again like to express our appreciation to the Frankfurt Base for the fine support provided us.
